

## Saint Demetrios Greek Orthodox Church

Jamaica, New York

### A MESSAGE FROM PTA PRESIDENT GREEK AFTERNOON SCHOOL

As the end of the school year approaches and summer begins, I would like to take this opportunity to let you know we are beginning our enrollment for Greek Afternoon School for 2017-2018.

As past student of Saint Demetrios of Jamaica, I would like to take a moment to reflect what our community represents. We should remember our community is here so many years and has provided so much to each and every one of us. We should be thankful to all the volunteers within our community that provide so many services for our community. The Greek Afternoon School is one main mission that we all should support. The only way each family can instill Hellenism, Religion, and Traditions can only be maintained through our education program.

Therefore, spread the word to your friends and families and join our free education Greek Afternoon School program. We have small classes with outstanding teachers that speak the Greek language the moment they step foot into class.

Our teacher involvement promotes greater opportunities for the future of our children. We are proud of our teachers and its program that instill the Greek language, Religion and Traditions as this for the future of our children. They will continue our legacy as Greeks in the United States. We hope you will spread the word to all families and friends to register for Greek Afternoon School.

As always your continued support is greatly appreciated and important. So let's make a real change together.

Sincerely,

Vicky Alexiou

PTA President
